

# VEGAN TAILOR / POLICIES

---

My relationships with my clients is one of my favorite aspects of what I do. Please read through this document so we can have the most successful possible interaction.

First: the downpayment of \$50 is non-refundable, and will be applied to the project fee if we proceed. The quote I will provide you has a 30-day term. I will make every effort to complete the project on the terms of the quote if you choose to engage me after these thirty days, but this cannot be guaranteed.

If we decide to proceed with a project, you can depend on me to communicate clearly my thoughts on the best way forward. For some work, an additional deposit may need to be made before proceeding. This will largely depend on the raw materials being ordered, and whether we've had a previous successful transaction.

I like to complete orders as quickly as possible. When you make your downpayment you can expect me to put you on my schedule and communicate, per your preferred method, the progress of the project.

All of my work may be photographed, blogged, and shared via social media online at my discretion. If you have any need for me to wait to share photographs, please let me know so we can come to an arrangement.

Feel free to email, call, or text any time to talk about your project. I look forward to working with you!
